ABOUT ME

I have completed a diploma in Computer Science and Engineering. Additionally, I earned my Bachelor of Science degree from the Canadian University of Bangladesh. For the last three years, I have worked in the UAE as an ELV Technician. My ELV experience includes installing and programming **CCTV systems, SMA-TV, Gate Barriers, Access Control, BGM, Intercom systems**, and related technologies.

I have also gained experience working in various organizations in Bangladesh, where my roles included serving as a Computer Lab Assistant and a Graphics Designer. I have worked as a Computer Operator in some of these organizations as well. Furthermore, I have experience in event management
